The Situation

You can find this material online at n1fd.org/your-club-online

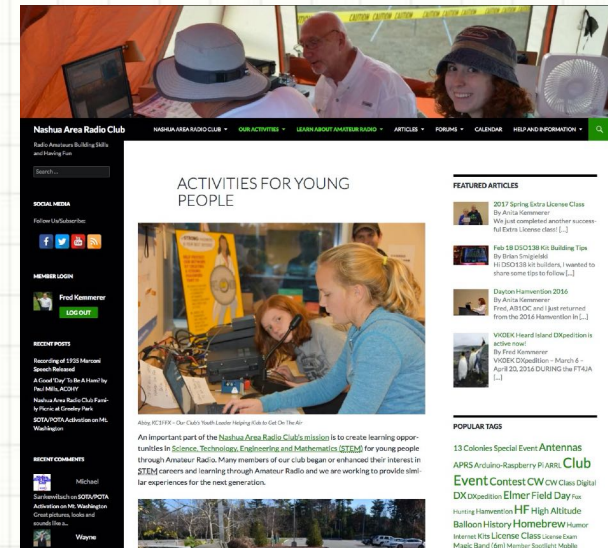

- The COVID-19 Pandemic requires us to practice Social Distancing
- The Amateur Radio population tends to be a high-risk group
- Out of an abundance of caution, many Clubs have suspended meetings and face-to-face activities
- What's a Club to do? Take your meetings and activities ***online*** and on-the-air!

What Can You Do?

Its Easy and Inexpensive To Go Online...

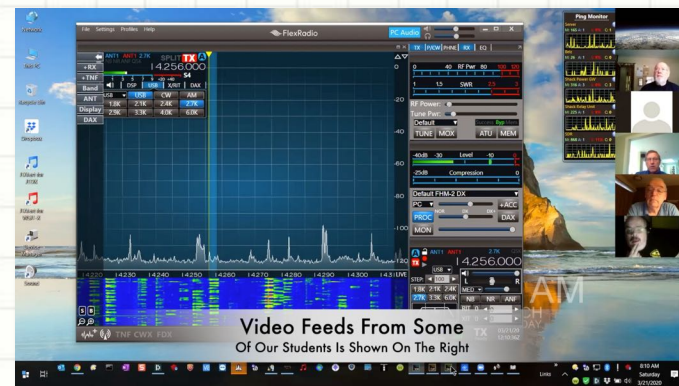

- Continue your membership meetings online
 - [Zoom](#) is a good tool for this
- Conduct an Elmering Session Online and share it with your members
- Live stream video to your Club's Facebook page
 - Nets, rag chews, member shack tours...
- Use your Facebook page, Twitter account, and YouTube to share content from your previous activities
- Take the opportunity to update your Club Website with some new content
 - Share your online activity plans
 - Post photos and memories from your previous activities
 - Create how-to articles to help Hams looking for projects they can do at home

Your Tools

Its Easy and Inexpensive To Go Online...

[Play The Video](#)
